- **Risk Level 0 (Stably Housed)**
  - Current housing is safe
  - Current housing is stable for the foreseeable future (e.g., sufficient income to pay rent and utilities, able to stay with host family/friend indefinitely)

- **Risk Level 1 (Unstably Housed)**
  - Current housing is safe; AND
  - May have to leave current housing in the foreseeable future (e.g., due to inability to pay rent, landlord-issued eviction, foreclosure, safety or health risk, host family/friend limitation, etc.); OR
  - Must leave an institution (e.g., hospital, jail, treatment facility) within 90 days.

- **Risk Level 2 (At-Risk of Literal Homelessness)**
  - Current housing is safe; AND
  - Must leave current housing within 15-60 days (e.g., due to court-ordered eviction, landlord-issued eviction, foreclosure, safety or health risk, host family/friend limitation, etc.); OR
  - Must leave an institution (e.g., hospital, jail, treatment facility) within 15-60 days.

- **Risk Level 3 (Imminent Risk of Literal Homelessness)**
  - Current housing is safe; AND
  - Must leave current housing within 14 days (e.g., due to court-ordered eviction, foreclosure, imminent safety or health risk, host family/friend request to leave, family conflict, etc.); OR
  - Must leave an institution (e.g., hospital, jail, treatment facility) within 14 days.

- **Risk Level 4 (Literally Homeless Tonight)**
  - Stayed last night in emergency shelter or transitional housing for people who are homeless, including hotel or motel voucher paid for by a social service or charitable organization; OR
  - Stayed last night in a place not meant for human habitation (e.g., streets, parks, car, abandoned buildings, vacant lot, etc.); OR
  - Must leave current housing today (e.g., due to court-ordered eviction, foreclosure, immediate safety or health risk, host family/friend request to leave, etc.); OR
  - Must leave an institution (e.g., hospital, jail, treatment facility) today.
Risk Level 0
Current housing is safe and stable

Risk Level 1
Unstably housed

Risk Level 2
At risk of literal homelessness within 15 - 60 days

Risk Level 3
Imminent risk of literal homelessness within 1 - 14 days

Risk Level 4
Literally Homeless Tonight

Typology of Homeless Risk

greater number of families
greater probability to prevent literal homelessness
**Risk Level 0**
Current housing is affordable, safe, and stable

**Risk Level 1**
Unstably housed

**Risk Level 2**
At risk of literal homelessness within 15 - 60 days

**Risk Level 3**
Imminent risk of literal homelessness within 1 - 14 days

**Risk Level 4**
Literally homeless

---

**Housing Stabilization Coalition**
(focused on risk level 2)

**Purpose:** Align public-private resources to stabilize housing for vulnerable children and their families through a collective impact approach

**Coordinator:** Housing Stabilization Coalition

---

**Homelessness Prevention Network (HPN) Demonstration Project**
(focused on risk level 3)

**Purpose:** Launch a 3-year prevention demonstration project to decrease the number of families entering shelter

**Coordinator:** Community Shelter Board

---

**Homeless Crisis Response System**
(focused on risk level 4)

**Purpose:** A coordinated, community effort to make sure everyone has a place to call home

**Coordinator:** Community Shelter Board

---

**Targeted Homelessness Prevention Hub**
for families seeking shelter
Coordinated by CSB

*Hub serves families who have contacted the homeless hotline and is part of emerging HPN

---

**Affordable Housing Alliance of Central Ohio**
(focused on households at risk levels 0-4)

**Purpose:** Advocate for increased resources for affordable housing projects and programs, and for policy change, to cut the affordable housing gap for low-income Franklin County households.

Homelessness Prevention Network Demonstration

HPN Service Providers

- compass at broad street
- IMPACT Community Action
- Physicians CareConnection
- GLADDEN COMMUNITY HOUSE
- St. Stephen’s Community House

HPN Access Points (specific partners TBD)
- Service-based locations
- Public facility-based locations (e.g., libraries, recreation centers)
- Residential-based locations (i.e., apartment complexes)

TBD: Partner/location
Homelessness Prevention Network (HPN) Model

The HPN connects families at imminent risk of literal homelessness within 14 days with community partners and resources to stabilize families and avoid literal homelessness. HPN partners can be Access Points or HPN Service Providers (also serving as Access Points).

HPN partners identify high risk families using a standardized screening protocol and immediately offer such families housing-focused problem-solving assistance. HPN Service Providers prioritize access to housing stabilization resources, such as financial assistance or food pantry resources, for high risk families they identify or who are referred to them from another Access Point.

Access HPN access points and service providers collaborate based on a shared MOU among HPN partners to facilitate referrals and prioritize access to assistance.
Columbus and Franklin County
Homelessness Prevention Network Demonstration

Components:

**Brief Standardized Screening:**
Standardized homeless risk typology and brief screener, including web-based screening and referral tool developed by ESRI.

**Housing-Focused Problem-Solving:**
HPN partner staff trained on screening; strength-based, housing-focused problem solving; and connecting families to targeted and non-targeted community resources.

**Response & Referral Guidance:**
Standardized response and referral guidance for staff based on risk level and customized for each access point and targeted populations.

**Prioritized Access to Housing Stabilization Resources:**
Prioritized referrals among HPN partners for risk level 3 families to target and expedite access to needed prevention resources.
### HPN Organizational Structure

<table>
<thead>
<tr>
<th>Group</th>
<th>Role, Frequency, Example Activities</th>
<th>Members</th>
</tr>
</thead>
</table>
| **HPN Collaborative** | Role: Serve as information sharing and learning exchange for HPN access point representatives, HPN service providers and key backbone/funder stakeholders.  
Meeting frequency: Quarterly                                                                 | • HPN access point representatives  
• HPN service provider representatives  
• HPN steering committee and funder collaborative members  
TBD at later date – other providers offering HP services available for category 3 |
| **HPN Steering Committee** | Role: Oversee HPN development and implementation, including key HPN strategies, critical path, evaluation, and HPN Collaborative/Membership engagements.  
Meeting frequency: Monthly initially, tapering to quarterly                                                                 | • CSB  
• Nationwide Foundation  
TBD at later date – other key funders, partners |
| **HPN Operations Workgroup** | Role: Provide regular oversight, problem-solving, and development support for HPN policies, procedures, training, tool development, and client flow.  
Meeting Frequency: Bi-weekly initially, tapering to monthly                                                                 | • CSB  
• HPN access point managers  
• HPN service provider managers |
Columbus and Franklin County
Homelessness Prevention Network Demonstration

Demonstration Purpose
• Implement, refine, and demonstrate the value of a Homelessness Prevention Network (HPN) for Columbus and Franklin County as a means to decrease the number of families entering shelter.

Demonstration Period: July 2020 – June 2023

HPN Goal
• Reduce demand on the homeless crisis response system in Columbus and Franklin County by formalizing new collaborations with existing social service agencies and other places where families at highest risk can be quickly screened and assisted to avoid needing emergency shelter.
Columbus and Franklin County
Homelessness Prevention Network Demonstration

Demonstration Project Objectives:

1. Design and launch the HPN, formalizing the operation of service providers at six partner sites with collaborative agreements/contracts (five identified, one to be determined)
2. Grow the HPN by recruiting organizations to serve as access points.
3. Train staff from HPN service and access sites on screening procedures, strength-based problem solving, and standardized response and referral guidance.
4. Certify staff from service provider partners.
5. Provide families at highest risk of becoming homeless with timely homelessness prevention screening and prioritized referrals at the six service sites for housing stabilization assistance.
6. Identify an organization for the long-term governance and operation of the HPN and assess the capacity and support needed for full implementation.
7. Collect high quality data from HPN service providers and evaluate the impact of the HPN on the at-risk families served at the demonstration sites.

Measurable Outcomes:

✓ In its first year of operation, 50% of the families prioritized for HPN assistance from a core service partner will not enter emergency shelter within three months of the HPN intervention.

✓ During years two and three of the HPN implementation, 75% of families prioritized and served will not enter shelter within three months of the HPN intervention.
Questions
• 9/8: TBD
• 9/22: TBD
• 10/6: TBD
• 10/20: TBD

• Future webinars will be revisiting some of the initial topics—with updates for new staff at your agency and to offer a refresher training on adapting to work during this pandemic.
