Meeting Minutes

Continuum of Care Steering Committee Meeting

Wednesday, November 9, 2011

11:30 am – 12:30 pm

Community Shelter Board

Attendees:

Continuum of Care Steering Committee Members: Michelle Heritage, Jacci Graves, Dave Simmons, Susan Lewis Kaylor, Sheila Prillerman, Tom Dobies, Caroline Reed, Mike Tynan, Emily Crabtree, Kim Stands, Mark Paxson, Ronald Baecker, Mary Jane Quick, Adam Ruege, Ted Jones, Michelle Morgan, Don Strasser, Emily Savors and Carl Landry

Community Shelter Board staff: Lianna Barbu, Amy Price and Tiffany Nobles

Guests: Anthony Penn, Ron Kadylak, Ryan Cassell, Colleen Bain, Michelle Norris and Dave Kayuha

Welcome & Introductions

Michelle Heritage welcomed the group and all gave name and affiliation introductions. Michelle reminded the group that the purpose of today's special meeting was to consider National Church Residences Commons at Livingston II as the priority project for the 2012 Ohio Housing Finance Agency (OHFA) tax credit process. Items related to the tax credits will be the only business considered today.

Review National Church Residences Response to the HUD Technical Review Committee Recommendations

Ted Jones presented the HUD Technical Review Committee (TRC) recommendations regarding National Church Residences (NCR) Commons at Livingston II (CAL II) and NCR's response to each recommendation.

The HUD TRC recommends that NCR CAL II be awarded the priority project designation for the 2012 OHFA tax credits contingent upon NCR agreeing to the following conditions:

- Condition 1: NCR will designate 10 units out of the 15 non-homeless units for ADAMH consumers.
 - NCR response: NCR and ADAMH came to agreement about the 10 units designated for ADAMH consumers but occupants must be veterans. Per the revised concept paper submission "Of the remaining 15 units, 10 will be designated for ADAMH veteran consumers, and the remaining 5 will serve VA-eligible veterans who require supportive housing to remain stably housed."
- Condition 2: The target population for the 35 Rebuilding Lives units will be for the most vulnerable individuals as identified by the Unified Supportive Housing System independent of their veteran status.

- NCR Response: Per the revised concept paper submission “The project will include 35 units designated for veterans meeting the Rebuilding Lives definition. Of the 35 RL units, 7 will be designated for veterans meeting the HUD definition for chronic homelessness. Up to 25 of the 35 Rebuilding Lives units will be available to veterans who are not eligible for VA services ...The VA and NCR believe there is still a need for supportive housing for veterans in our community, and will work closely together with NCR and the USHS to identify candidates for vacancies as soon as we know a unit will become available. Please note: if a viable veteran cannot be identified within 7 days of notification to USHS of expected vacancy, an otherwise qualified non-veteran candidate will be considered. (If a candidate is referred and doesn't work out for whatever reason; the process will start over with 7 days to identify a qualified veteran before moving on to another eligible non-veteran candidate.)”
- Condition 3: NCR will submit preliminary budgets for services, operating and capital costs to the Community Shelter Board by Wednesday, October 12, 2011.
 - NCR Response: Budgets were received November 3, 2011.

Discussion on recommendations and NCR response:

- It was noted that the phrase “due to discharge status” should not be used in the eligibility criteria to avoid any confusion.
- Ronald Baecker cited concern that the project will serve non-veterans since Phase I of the project was designated for veterans. Michelle H. responded that the HUD TRC was concerned about serving the most vulnerable individuals in the Rebuilding Lives units independent of their veteran status. NCR's response to the condition was an attempt to keep with the veterans' priority and also meet the needs of the community to serve the most vulnerable individuals if a veteran cannot be found.
- A question was asked about veteran eligibility. Adam Ruege explained that the VA does not consider an individual who has been dishonorably discharged as a veteran who is eligible for VA services.
- Mike Tynan commented that he assumes the conversation between ADAMH and NCR included a discussion around whether there are enough veterans in the ADAMH pool to fill the 10 units.

Review Capital, Operations and Services Requests

Lianna Barbu presented the capital, operations and services funding requests for CAL II. The following information was noted:

- The estimated total project cost (for all 50 units) is \$7,183,650 with a cost per unit amount of \$143,673.
- The total annual services cost request (for the 35 Rebuilding Lives (RL) units) is \$114,814. This includes a \$32,000 RLFC request, a \$43,000 HUD Supportive Housing Project (SHP) request through the Continuum of Care application process, \$36,470 in VA funding and \$3,344 in other funding. These totals are for the first full year of the RL units being in operation. The costs will increase by 3% each year following. It was noted that the RLFC request refers to City of Columbus and Franklin County funding.
- The total annual operations cost (for all 50 units) is \$340,547 in revenue from Section 8 and tenant rent. There will be \$278,607 in expenses and net operating income used towards reserves and debt service.
- The total development/capital cost (for all 50 units) is \$6,679,121 with 20% in local/federal funding. This total includes a \$1,000,000 RLFC request and an estimated \$344,000 in HUD-SHP Share Construction funding.

- Timeline: If the project receives the tax credits in 2012, construction will begin in early 2013 and be completed by November 2013. NCR expects to have the project fully occupied in the first quarter of 2014.

Lianna presented a summary of local capital funding used to date for RL supportive housing projects.

- The funding pool started with a \$12 million pledge from the City of Columbus and Franklin County.
- It was noted that Commons at Livingston II is in line with other projects.
- It was noted that the costs for CAL II will be lower because it is part of CAL I.
- It was noted that after the CAL II request, the remaining RL capital funding is \$6,350,000.
- It was noted that we will have to request additional funding from the City and County once the original \$12 million pledge is expended.

Lianna also presented an analysis of RL PSH ongoing services and operations funding requests comparing CAL II to NCR Commons at Livingston I, NCR Commons at Third and Community Housing Network Inglewood Court.

In the analysis, it was noted that no use of Medicaid for services costs is proposed. Colleen Bain mentioned that NCR is hopeful that Medicaid would be a revenue source but they do not think it will be a reliable source because many veterans are not eligible for Medicaid.

Presentation of Future Demand for Permanent Supportive Housing for Veterans

Lianna presented projections for homeless and disabled veterans. Data on those served was presented from calendar year 2005 through calendar 2010 and projections were for calendar year 2011 through calendar 2022.

The following highlights were noted:

- From calendar year 2009 to calendar year 2010 there was a 21% decrease in the number of veterans served as a percentage of the emergency shelter and outreach population but the reason for the decrease is unknown.
- From calendar year 2005 to calendar year 2010, the decrease in projections for eligible disabled veterans has grown from year to year. Likewise, the project of eligible veterans decreases from year to year for the forecast of calendar year 2011 through calendar year 2022.
- At the current rate of additional projects being added, our community will have 48 units designated for veterans as of calendar year 2012 if no new units are added. This number includes general permanent supportive housing units that are 12% occupied by veterans.
- Adam Ruege noted that the Veterans Affairs Supportive Housing (VASH) vouchers are for a 13 county area.
- Clarification was made that these projections are to ensure that the committee has all available information to make decisions.
- Clarification was made that it is possible that individuals can enter shelter without indicating veteran status because it is not a requirement.
- Adam mentioned that all data is not captured in the analysis and as a result he is not sure if the projections are completely accurate. The VA has grant per diem programs and street outreach programs that serve veterans so they never have to touch the shelter system. He also mentioned that it is impossible to know exactly how many veterans would not be eligible for services from the VA.
- It was noted that VA data on outreach and VASH is not included in HMIS.

Vote on Priority Designation for 2012 Ohio Housing Finance Agency Tax Credits

Susan Lewis Kaylor made a motion to designate NCR Commons at Livingston II as the priority project for the 2012 Ohio Housing Finance Agency tax credits process. Dave Simmons seconded the motion. The motion was unanimously approved with one abstention from Adam Ruege.

Other

Kim Stands announced that a Community Development Neighborhood Summit would be held on January 24, 2012 at Veterans Memorial. A copy of the flyer will be distributed to the group via email.

Overview

System and Program Indicators Reports are published quarterly and furnished to CSB trustees, the Rebuilding Lives Funder Collaborative, and the Continuum of Care Steering Committee. All reports are posted to www.csb.org. Results are also shared with CSB funders consistent with funding contracts and agreements.

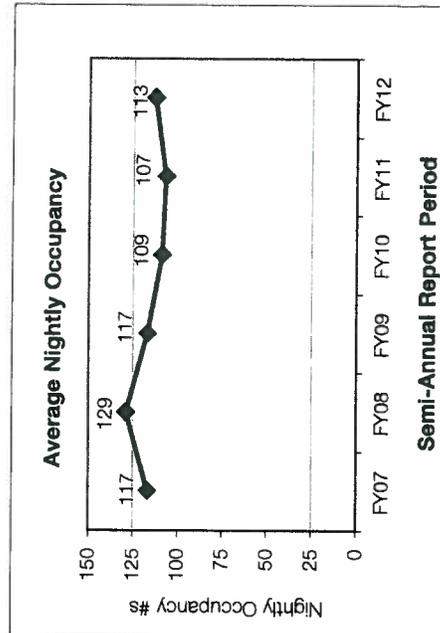

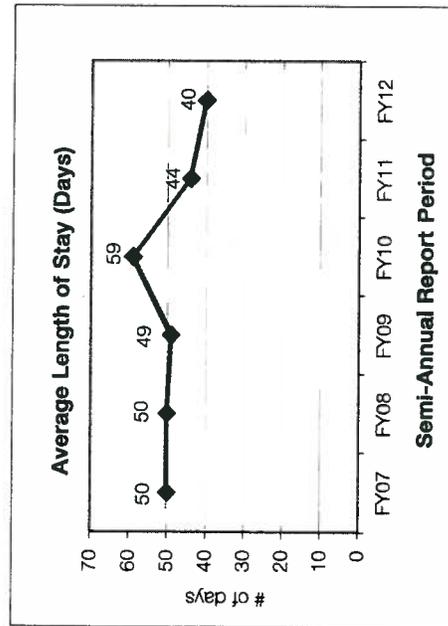

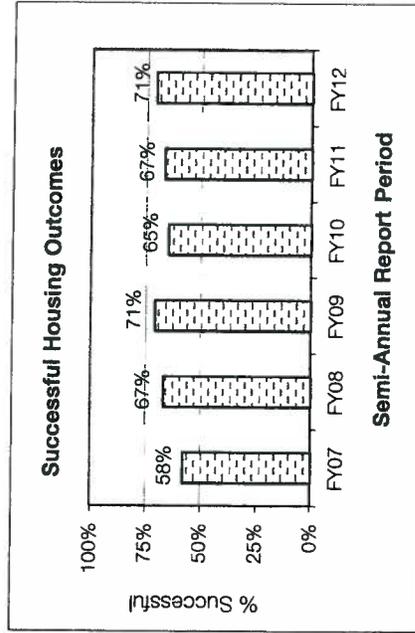

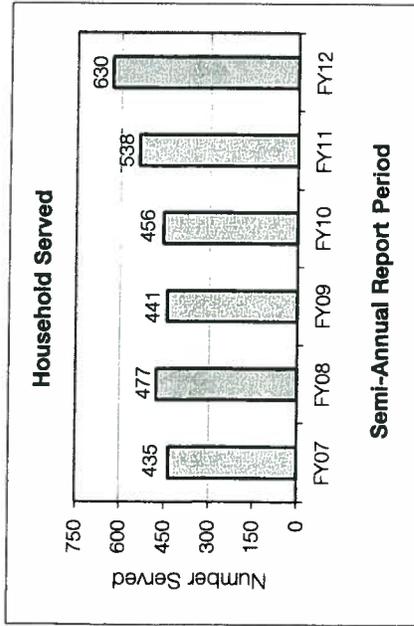

The System and Program Indicator Report monitors the current CSB funded shelter, services and permanent supportive housing programs and other Continuum of Care, non-CSB funded programs. The report evaluates each system and program based on a system or program goal, actual performance data, variances, and outcome achievements. Outcome achievement is defined as 90% or better of numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicates an achieved goal. Systems or programs which meet less than one-half of outcome goals are considered to be a "program of concern". The following key is used to express outcome achievement status for each indicator:

Outcome Achievement:	Key
Outcome achieved	√
Outcome not achieved	≠
Outcome goal not applicable	N/A

All data generated from the Columbus ServicePoint (CSP) and used in the report met CSB quality assurance standards, which require current and accurate data and a 95% completion rate for all required CSP data variables.

Data included in the report is analyzed per the Evaluation Definitions and Methodology document that can be found at www.csb.org under the Publications section.

The Family System served 17% more households than during the same period of time last year, continues to have heavy overflow and maintains a good performance overall. FY10 to FY12 Average Length of Stay calculations are based on a new, improved methodology. The new capacity of the emergency shelter system for families, as of 1/1/2012, will become 50, as a result of the Tier II shelters fully transitioning to direct housing.

The system experienced an increase in the number of individuals served at 22%. The increase in successful outcomes for the system is very encouraging and we are attributing this increase to the availability of the HPRP funds. The significant decrease in the average length of stay is a reflection of the new policies implemented throughout the system as of 7/1/2011. FY10 to FY12 Average Length of Stay calculations are based on a new, improved methodology. The capacity for the system increased by 26 units with the addition of the VOAGO & LSS VA Emergency Housing beds.

¹ Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity. The goal is 95% for the occupancy rate.

² The following PSH programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Parsons (SRA/17 households); RLPTI (TRA/22 households, SRA/1 household); Southeast Scattered Sites (TRA/2 households).

³ Three of the 13 units can house up to two individuals and these units are frequently but not always assigned to couples in which both partners are Rebuilding Lives eligible.

⁴ Eligibility for the program was 100% Chronic Homeless women. HUD approved in April and September 2011 a change in the program's eligibility criteria, for 80% of the units to meet Rebuilding Lives eligibility criteria.

⁵ Program lease-up started in July 2011.

⁶ Program served RL individuals in non-RL units or eligible roommates/couples.

¹ Programs are non-CSB funded. Goals for these programs were set by each agency/program in accordance to the CoC set standards, if applicable.

² Occupancy rates are calculated by dividing the occupancy number, which is rounded off to the nearest whole number, by the program capacity.

³ VOAGO - Veterans is not a HUD CoC funded program but receives VA funding. As of 01/01/2011 it is mandatory for this program to participate in CSP.

⁴ The following programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Family Homes (SRA/ 9 households); CHN-Parsons (SRA/ 17 households); RLPTI (TRA/ 22 households, SRA/ 1 household); Southeast Scattered Sites (TRA/ 2 households).

⁵ Occupancy rate exceeds 100% because CMHA allowed providers to over lease.

⁶ Program capacity fluctuates based on need and available capacity, up to 15 units.

⁷ Agency name changed to AIDS Resource Center Ohio as of 7/1/2011.

¹ Includes households served with HPRP and non-HPRP funding.
² Exclusive of Weinland Park activity.
³ Program implemented as of November 2010, using HPRP funds. HPRP Programs are not rated. Four clients were excluded from the Average Length of Stay (ALOS) calculation.
⁴ New program implemented January 2011. Sixteen clients were excluded from ALOS calculation.
⁵ Some clients did not need DCA at their exit from program.
⁶ New program implemented January 2011. Three clients were excluded from the ALOS calculation. Households served is lower than the goal in part due to lower carryover into FY13.
⁷ Program did not receive EFSP funds until October 2011 and was unable to serve the forecasted number of households.

Columbus & Franklin County Continuum of Care Governance and Policy Statements

Overview

Continuum of Care Structure under HEARTH

The Continuum of Care (CoC) is the group composed of representatives of relevant organizations ...that are organized to plan for and provide, as necessary, a system of outreach, engagement, and assessment; emergency shelter; rapid re-housing; transitional housing; permanent housing; and prevention strategies to address the various needs of homeless persons at risk of homelessness for a specific geographic area.

In Columbus and Franklin County the CoC role is fulfilled by a committee called Rebuilding Lives Funder Collaborative (RLFC). The RLFC provides stewardship for all the strategies developed under the Rebuilding Lives (RL) Plan and provides funding for the capital, services and operations of supportive housing in Columbus & Franklin County, coordinates activities for the new plan, promotes collaboration to achieve goals and strategies, and secures resources for programs and projects. For purposes of clarity, RLFC will be used when referring to CoC activities.

The policy statements below govern the work of the RLFC. The policies are organized into different areas. The RLFC will meet annually to review and approve its annual plan and policies.

The categories are:

- < Structure
- < HUD Mandated Activities
- < RL Plan Activities
- < Community Shelter Board Activities
- < Homeless or Formerly Homeless Citizens Activities
- < Provider Activities
- < Other Activities

Structure

1. Membership

The RLFC membership will comport with HUD requirements as listed below. The RLFC will meet annually to review and act on the annual funding allocations, HUD Exhibit 1 including all relevant charts and tables and the Housing Inventory Chart. The RLFC will annually review and approve its membership.

A Steering Committee will be formed with representatives of the RLFC that will meet regularly and is given authority by the RLFC to make decisions on its behalf.

A total of 35 members shall be annually approved for participation in the RLFC Steering Committee. Regular attendance is expected by the RLFC representative or it's delegate, as long as the delegate holds decision making authority. The Community Shelter Board (CSB) Executive Director shall chair the RLFC and the RLFC Steering Committee.

2. Conflict of Interest

Any individual participating in or influencing decision making must identify actual or perceived conflicts of interest as they arise and comply with the letter and spirit of this policy. Disclosure should occur at the earliest possible time and if possible, prior to the discussion of any such issue. Individuals with a conflict of interest should abstain from voting on any issue in which they may have a conflict. An individual with a conflict of interest who is the committee chair, shall yield that position during discussion and abstain from voting on the item.

Annual written disclosure statements will be provided by each committee member by March 31. Members will not be permitted to participate until the statement is on file at CSB.

3. RLFC Steering Committee

Annually, the RLFC Steering Committee (RLFC SC) will review existing and new projects and make recommendations to the full RLFC for its consideration, action and inclusion in the consolidated HUD application. The RLFC SC will also establish the new permanent supportive housing (PSH) priority for consideration by the Ohio Housing Finance Agency. As part of the process, new projects will be presented to the RLFC provider group and the CAC. Both groups will provide recommendations to the RLFC SC prior to its decision. The project developer will also be asked to make a presentation to the RLFC SC to respond to questions about its proposal.

The RLFC SC will be the RLFC's Executive Committee, comprised of the following representatives:

Organizational Representative	Individual Representative
1. City of Columbus	Kim Stands
2. Franklin County	Jim Schimmer
3. Citizens Advisory Council	TBD
4. ADAMH	David Royer
5. CMHA	Charles Hillman
6. UWCO	Janet Jackson
7. The Columbus Foundation	Emily Savors
8. The Columbus Coalition for the Homeless	Don Strasser
9. CSB Board Member	TBD
10. CSB Executive Director, Chair	Michelle Heritage

The RLFC SC is expected to meet quarterly, in February, May, August and November of each year. CSB may, from time to time, request the RLFC SC to meet more frequently to meet HUD imposed requirements.

CSB will provide staff support for the committee.

The RLFC SC will also review ongoing projects that have participated in QII at the request of the provider and/or CSB. The RLFC will act on recommendations from the RLFC SC.

HUD Mandated Activities

4. The RLFC SC will provide feedback to the local government (City/County) on their Consolidated Plan.
5. (regarding ESG) The RLFC SC will provide feedback to the local government (City/County) in:
 - < Determining how to allocate the ESG funding for eligible activities
 - < Developing the performance standards
 - < Evaluating outcomes

This feedback will be provided as part of the annual funding allocations.

6. Columbus ServicePoint Implementation

CSB, as the RLFC designated HMIS Lead will maintain the community's Homeless Management Information System (HMIS) – Columbus ServicePoint – in compliance with HUD standards and coordinate all related activities including training, maintenance and technical assistance to agencies. Each participating agency or Contributing HMIS Organization (CHO) will be expected to participate in the CSP Administrators Group which oversees CSP operations. Annually, CSB will conduct an anonymous Administrator/User survey and provide the results of that survey to the RLFC SC.

Related to HMIS activities, the RLFC SC will have to role of:

- < Developing funding and policies and procedures for the operation and administration of the local HMIS, Columbus ServicePoint (CSP).
- < Monitoring that all recipients of financial assistance under the Continuum of Care program and the Emergency Solutions Grant program and any programs funded previously through McKinney-Vento Act (SHP, SPC, SRO) are using the HMIS to collect client-level data on persons served.
- < Responsible for making decisions about HMIS management and administration.
- < Designate a single information system as the official HMIS software for the geographic area.
- < Designate the HMIS Lead and give authority to make system-wide decisions regarding the HMIS that impact all covered homeless organizations. HMIS Lead means the entity designated by the RLFC in accordance with 24 CFR part 580 to operate the Continuum's HMIS on the RLFC's behalf.
- < Review, revise and approve all policies and plans the HMIS lead is required to develop.
- < Develop a governance charter and document all assignments and designations consistent with the governance charter. The charter is to contain, at the minimum:
 - < A requirement that the HMIS Lead enter into written HMIS Participation Agreements with each Contributing Homeless Organization (CHO) requiring the CHO to comply with this part and imposing sanctions for failure to comply;
 - < The participation fee charged by the HMIS; and
 - < Such additional requirements as may be issued by notice from time to time.

- ⟨ Annually review and approve the HMIS Lead developed Security Plan, Data Quality Plan and Privacy Policy.

7. Point in Time Count Plan

Consistent with HUD requirements and in concert with the Ohio Count, an annual Point In Time Count will be conducted. Participation in the Homeless Count Work Group will be open to all interested. The RLFC SC will review and approve the Point in Time Count Plan annually and empower CSB to lead coordination efforts to conduct the count.

8. HUD Application Process

The RLFC will meet annually to review and act on Exhibit 1 including all relevant charts and tables and the Housing Inventory Chart. CSB will coordinate the applicant submission of Exhibit 2s, prepare Exhibit 1 and submit the consolidated application on behalf of the RLFC.

RL Plan Activities

The RLFC will not serve as the convener for the plan's strategies, but will provide stewardship and oversight for the overall community plan to end homelessness, the Rebuilding Lives Plan.

The role of the Strategy Conveners is as follows:

- ⟨ Form a planning group
- ⟨ Identify resources for planning
- ⟨ Report progress to the RLFC
- ⟨ May (or may not) serve as lead implementing agency
- ⟨ Suggest resources for implementation
- ⟨ Assist the RLFC with securing resources.

Community Shelter Board Activities

The Community Shelter Board will be the primary organization supporting all of the groups involved with moving the RL Plan forward. In addition to its roles as a convener of some of the RL Plan strategies, CSB will:

- ⟨ Chair the RLFC and RLFC SC and serve as the fiscal agent
- ⟨ Act as the Collaborative Applicant for the Columbus and Franklin County RLFC, per HUD's HEARTH legislation
- ⟨ Act as the Unified Funding Agency for the Columbus and Franklin County RLFC, per HUD's HEARTH legislation
- ⟨ Act as the HMIS Lead for the Columbus and Franklin County RLFC, per HUD's HEARTH legislation
- ⟨ Act as the subrecipient of the Emergency Solutions Grant (ESG) funds for the Columbus and Franklin County RLFC
- ⟨ Implement the requirements of the HEARTH legislation as mandated by HUD
- ⟨ Provide program and system level evaluations
- ⟨ Communicate the plan progress to the community, including an annual Report Card

Throughout the implementation of the RL Plan, evaluation efforts will assess the degree to which the plan is executed and will track the success of each strategy. Columbus ServicePoint (CSP) our community's Homeless Management Information System (HMIS) will be used as the primary data source. CSP will be used for enhancing data collection activities related to the RL Plan. It will also be used as a monitoring, outcomes measurement and performance-based contracting tool across systems and to inform the community about the progress of the RL Plan and meet HUD requirements.

9. Program Performance Standards

Program performance standards will be established by CSB and recommended to the RLFC SC for approval and will incorporate HUD requirements and local standards. CSB will incorporate these standards into annual program agreements with each provider agency. An annual Program Outcome Plan (POP) will be part of the agreement. If CSB and the agency disagree on the annual POP, the agency may appeal to the RLFC SC (if not CSB-funded) or CSB Board Chair (if CSB-funded). CSB will monitor program performance and provide monthly, quarterly, semi-annual and annual data reports. Program performance standards will be reviewed annually by the RLFC SC.

10. Quality Improvement Intervention

CSB will address programs of ongoing concern through a Quality Improvement Intervention (QII) process. The QII process is based on quarterly one-on-one dialogues between CSB and the provider agency and considers agency plans and progress on addressing program issues. CSB and provider agency enter into quarterly QII if a program experiences long-standing and/or serious program issues and/or systemic agency concerns. If the agency and/or CSB find that the QII process is not working, either may refer the concerns/issues to the RLFC SC for handling. The provider will be given an opportunity to present its case to the RLFC SC before it makes its recommendation to the RLFC.

Through its evaluative work, CSB will establish performance ratings every year of each HUD and CSB funded programs. Based on these ratings, CSB will recommend the RLFC SC programs that should not continue to receive funding through the annual HUD application process due to underperformance. CSB will recommend the RLFC SC any funding reallocations that should occur based on program performance and need.

The RLFC will be the final decision maker regarding any programs that should be removed from HUD funding and any proposed funding reallocations.

11. Meeting Support

CSB will provide meeting support for the RLFC and RLFC SC and all other committee meetings by scheduling meetings, developing agendas, issuing meeting materials and posting all relevant documents to www.csb.org.

- < RLFC and RLFC SC members may suggest agenda items
- < Agenda and meeting materials will be released one week prior to scheduled meetings.
- < The agenda will be reviewed and adopted at the start of the meeting; changes may be offered for consideration.

- < Meeting notes will be produced and distributed within 30 days of the meeting.
- < Materials will be distributed electronically or through mail to all RLFC and RLFC SC members and provider agency designees.

12. Costs

Every effort will be made to keep process costs to the minimum necessary to achieve full funding. CSB will work to raise funds to support the processes of the RLFC, including central administrative requirements related to HMIS and the PIT Count.

HMIS/CSP Lead Roles and Activities

- 13.** Ensure the operation of and consistent participation by recipients of funds from the Emergency Solutions Grants Program and from the other programs authorized by Title IV of the McKinney-Vento Act. Duties include establishing the HMIS; conducting oversight of the HMIS; and taking corrective action, if needed, to ensure that the HMIS is compliant with all HUD requirements; Ensure that all recipients of financial assistance under the Continuum of Care program and the Emergency Solutions Grant program and any programs funded previously through McKinney-Vento Act (SHP, SPC, SRO) are using the HMIS to collect client-level data on persons served.
- 14.** Develop written HMIS policies and procedures for all CHOs for the operation of the HMIS;
- 15.** Execute a written HMIS Participation Agreement with each CHO, which includes the obligations and authority of the HMIS Lead and CHO, the requirements of the security plan with which the CHO must abide, the requirements of the privacy policy with which the CHO must abide, the sanctions for violating the HMIS Participation Agreement (e.g., imposing a financial penalty, requiring completion of standardized or specialized training, suspending or revoking user licenses, suspending or revoking system privileges, or pursuing criminal prosecution), and an agreement that the HMIS Lead and the CHO will process Protected Identifying Information consistent with the agreement. The HMIS Participation Agreement may address other activities to meet local needs;
- 16.** Serve as the applicant to HUD for grant funds to be used for HMIS activities for the Continuum of Care's geographic area, as directed by the RLFC, and, if selected for an award by HUD, enter into a grant agreement with HUD to carry out the HUD-approved activities;
- 17.** Monitor and enforce compliance by all CHOs with the requirements of this part and report on compliance to RLFC SC and HUD;
- 18.** The HMIS Lead must submit a security plan, a data quality plan, and a privacy policy to the RLFC SC for approval within [the date that is 6 months after the effective date of the final rule to be inserted at final rule stage] and within 6 months after the date that any change is made to the local HMIS. The HMIS Lead must review and update the plans and policy at least annually. During this process, the HMIS Lead must seek and incorporate feedback from the RLFC SC and CHO. The HMIS Lead must implement the plans and policy within 6 months of the date of approval by the RLFC SC.

19. The HMIS Lead must develop a privacy policy. At a minimum, the privacy policy must include data collection limitations; purpose and use limitations; allowable uses and disclosures; openness description; access and correction standards; accountability standards; protections for victims of domestic violence, dating violence, sexual assault, and stalking; and such additional information and standards as may be established by HUD in notice.
20. The HMIS Lead must establish a security plan which meets the minimum requirements for a security plan as established by HUD in notice.
21. The HMIS Lead must designate a security officer to be responsible for ensuring compliance with applicable security standards. The HMIS Lead must designate one staff member as the HMIS security officer.
22. The HMIS Lead must ensure that each covered homeless organization designates a security officer and conduct workforce security measures.
23. The HMIS Lead must conduct workforce security screening; The HMIS Lead must ensure that each CHO conduct criminal background checks on the HMIS security officer and on all administrative users. Unless otherwise required by HUD, background checks may be conducted only once for administrative users.
24. The HMIS Lead must report security incidents. Each HMIS Lead must implement a policy and chain of communication for reporting and responding to security incidents, including a HUD-determined predefined threshold when reporting is mandatory, as established by HUD in notice.
25. The HMIS Lead must establish a disaster recovery plan. The HMIS Lead must develop a disaster recovery plan, which must include at a minimum, protocols for communication with staff, the RLFC SC, and CHOs and other requirements established by HUD in notice.
26. The HMIS Lead must conduct an annual security review. Each HMIS Lead must complete an annual security review to ensure the implementation of the security requirements for itself and CHOs. This security review must include completion of a security checklist ensuring that each of the security standards is implemented in accordance with the HMIS security plan.
27. The HMIS Lead must ensure that each user completes security training at least annually and prior to given access to the HMIS.
28. The HMIS Lead must ensure that each covered homeless organization conducts an annual security review.
29. The HMIS Lead must set data quality benchmarks including bed coverage rates and service-volume coverage rates.
30. The HMIS Lead must develop and implement a data quality plan.
31. The HMIS Lead may archive data in the HMIS but follow standards published in the Federal Register notices.

32. The HMIS Lead must, at least annually, or upon request from HUD submit an unduplicated count of clients served and an analysis of unduplicated counts.

33. The HMIS Lead shall submit reports to HUD as required.

Homeless and Formerly Homeless Citizens Activities Citizens Advisory Council (CAC)

The Citizens Advisory Council is a CSB sponsored group that had membership comprised of homeless and formerly homeless individuals.

The RLFC values input and participation by the CAC in all processes. These shall include:

- < Designated seats on committees.
- < The opportunity to review and comment on new projects prior to RLFC SC review.
- < The opportunity to review and comment on RLFC annual plan, policies, and program standards.

Provider Activities

34. Provider Input

The RLFC values input and participation by the HUD providers in all processes. These shall include:

- < Designated seats on all committees.
- < The opportunity to review and comment on new projects prior to RLFC SC review.
- < The opportunity to review and comment on RLFC annual plan, policies, and program standards.

35. Provider Program Requirements and Rights

Provider agencies are the cornerstone of success for the implementation of the RL Plan. A collaborative, streamlined system with clear goals and objectives will result in continued success for provider agencies. Provider agency roles include the following:

- < Continue to develop and implement high-quality programs and services
- < Work together with conveners, collaborators, and funders to build support for programs
- < Share and implement best practices and collaborate with other providers
- < Work together with funders to evaluate programs and engage in quality improvement activities
- < Participate in advocacy efforts

The RLFC expects that Providers will meet requirements to receive HUD Funding and intends to treat all providers fairly in evaluating performance.

Requirements:

- < Meet relevant program and HUD standards and achieve program outcome goals.
- < Submit an annual program outcome plan in line with HUD and RLFC requirements and update program descriptions through the annual CSB Gateway process.
- < Submit Exhibit 2 per HUD timeline.

- < Submit required data through Columbus ServicePoint.
- < Submit a copy of HUD APR to CSB concurrent with submission to HUD.

Rights:

- < Participate in Quality Improvement Intervention (QII) prior to HUD funds being reduced or eliminated by the RLFC.
- < Appeal to the RLFC if it disagrees with a recommendation by the RLFC SC.
- < Request a waiver from compliance with specific program performance standards.

Other Activities

36. Annual Plan

The RLFC will meet annually to review and approve its annual plan and policies which will govern the work of the RLFC.

37. ODOD Application Processes

To fulfill the ODOD Homeless Assistance Program and Homelessness Prevention and Rapid Re-Housing Program Application Processes, the RLFC SC will review applicants/projects and make recommendations to ODOD. CSB will review requests for approval on behalf of the RLFC SC. Agencies that disagree with CSB will appeal to the RLFC SC via electronic appeals.

38. Letter of Support and Certification

Programs and services which meet the needs of homeless families and individuals in Franklin County, Ohio are eligible to request letters of support or certification from the RLFC SC and CSB. The RLFC SC will only provide letters of support or certification to agencies which have a record of providing quality services to persons who are homeless or at risk of homelessness, and for projects that are consistent with the local priorities established by the RLFC. New agencies must demonstrate the ability to provide high quality services. Projects may receive letters of support or certification if they:

- < Document the need for the program;
- < Provide a clearly defined program with attainable outcomes;
- < Demonstrate collaboration with other community-based organizations;
- < Demonstrate the provision of high quality services; and
- < Deliver services in a highly cost-effective manner.

**Resolution of the Continuum of Care Steering Committee
April 10, 2012**

FY2011 & FY2012 Emergency Solutions Grant Allocation Plans

Resolution

WHEREAS, the new Emergency Solutions Grant (ESG) Interim Rule was released by HUD in November 2011 and became effective January 2012;

WHEREAS, in order for our community to receive the second allocation of ESG funds for FY2011 and the ESG allocation for FY2012 a Substantial Amendment to the Consolidated Plan needs to be submitted by the City of Columbus and Franklin County, as the grant recipients of ESG funds;

WHEREAS, per the new HUD guidelines, a jurisdiction that receives an Emergency Solutions Grant program funds must consult with the Continuum of Care in determining how to allocate its ESG grant funds for eligible activities; in developing the performance standards for, and evaluating the outcomes of, projects and activities assisted by ESG funds; and in developing funding, policies, and procedures for the operation and administration of the HMIS;

WHEREAS, HUD is encouraging grantees to use the additional ESG funds for rapid re-housing purposes;

WHEREAS, the proposed uses for FY11 and FY12 ESG funds is attached;

WHEREAS, the City of Columbus, Franklin County and the Community Shelter Board (CSB) are recommending allocation of the additional ESG funds towards rapid re-housing and HMIS activities.

WHEREAS, performance standards and evaluation methodologies for rapid re-housing programs are already in place for programs funded through CSB;

WHEREAS, the City of Columbus, Franklin County and CSB are recommending approval of the existing performance standards and evaluation methodologies for the rapid re-housing programs per the attached document;

WHEREAS, policies and procedures for the operation and administration of the local HMIS are already in place for programs participating in the local implementation;

WHEREAS, the City of Columbus, Franklin County and CSB are recommending approval of the existing policies and procedures for the local HMIS;

THEREFORE, be it resolved that the Continuum of Care Steering Committee voted to accept the proposed FY2011 and FY2012 Emergency Solutions Grant allocation plans, performance and evaluation standards and HMIS policies and procedures as presented.

Approved by voice vote:

Direct Housing/Rapid Re-housing/Rolling Stock FY2013 Program Performance Standards

Based on CSB Governance Ends Policies, HUD standards, CoC local standards and best practices program performance.

Bolded measurements denote CSB Board established Ends Policies.

Ends	Measurement	Annual Metrics
Efficient number of households served	Households served (#)	Set based on program capacity, prior year(s) attainment and funds available.
	New households served (#)	Set based on program capacity, prior year(s) attainment and funds available.
	Average length of participation	Based on program design
Access to resources/services to move to and stabilize housing	Usage of CSB Direct Client assistance (\$)	Average DCA amount will be consistent with prior performance and /or program design.
	Usage of CSB Direct Client Assistance (%)	% of households that receive CSB DCA will be consistent with prior performance and /or program design.
	Average length of shelter stay¹	Average stay at Emergency Shelter not to exceed 15 days.
	Housing Affordability at Exit (%)	At least 50% of successful households have their housing affordability ratio, measured as cost of housing (rent and utilities) divided by the household's income at exit, lower than 50%.
	If Applicable, Completed Vocational/Other Training (%)	70% of households complete vocational or other training by their exit from the program.
	If Applicable, Employment Status at Exit (%)	65% of households have employment at exit from the program.
	If Applicable, Employment Status at Exit (#)	Calculated based on the Employment Status at Exit % measurement.
Basic needs met in a non-congregate environment	Successful housing outcome (%)	At least 90% successful housing outcomes for families and 75% for single adults.
	Successful housing outcome (#)	Calculated based on the Successful housing outcomes % measurement.
Not re-enter the emergency shelter system	Recidivism (%)	≤5% of those who obtain housing will return to shelter.
Efficient and effective use of a pool of community resources	Cost per household	Cost per household will be consistent with budget.
	Cost per successful housing outcome	Cost per successful housing outcome will be consistent with budget.
	Pass program certification	Provide access to resources and services to end homelessness.

¹ Progressive implementation for single adult population starting with 19 days

Proposed FY2013 Program Performance Standards and Reporting for programs that receive HUD funding

Only the metrics that will be “evaluated” in FY2013 will be counted towards the program’s performance rating. No changes were made compared to the FY2012 outcomes. CSB is asking the CoC to approve the recommended measurements for FY2013, as described below:

Program Performance Standards and Reporting

Based on HUD standards, CoC local standards and best practices program performance.

PSH – Permanent Supportive Housing; TH = Transitional Housing; SPC = Shelter Plus Care

Measurement	Measured in FY12?	Rationale	Annual Metrics	FY13 Evaluation
Households served	✓	HUD required, APR reported	Set based on prior year(s) attainment and program capacity.	Evaluated
Successful housing outcome (%) ¹	✓	CoC Local goal for PSH/SPC; HUD required, Exhibit 1 reported for TH	At least standard below or greater if prior year(s) achievement was greater <ul style="list-style-type: none"> • At least 80% for PSH and SPC • At least 77% for TH 	Evaluated
Successful housing outcomes (#)	✓	HUD required, APR reported	Calculated based on the Successful housing outcomes % measurement.	Evaluated
Housing Stability	✓	CoC Local goal, APR reported	At least standard below or greater if prior year(s) achievement was greater <ul style="list-style-type: none"> • At least 12 months for PSH (goal to be set not to exceed 24 months, actual attainment may be greater than goal) • Up to 4 months for TH • At least 12 months for SPC 	Evaluated
Program Occupancy Rate	✓	CoC Local goal	Full occupancy (>95%).	Evaluated
Employment status at exit ¹	✓	HUD required, Exhibit 1 reported	At least 20% of households exiting will have employment.	Evaluated
Housing Retention	✓	CoC Local goal	≤5% of those who obtain housing will return to shelter.	Evaluated

¹ Fixed minimum threshold – no allowable variance as HUD benchmark is fixed.

Measurement	Measured In FY12?	Rationale	Annual Metrics	FY13 Evaluation
Pass program certification	✓	HUD required, Exhibit 1 reported	Compliant with all HMIS/CSP standards	Evaluated
Negative Reason for leaving	✓	HUD required, APR reported CoC Local goal	Less than 20% leave for non-compliance or disagreement with rules	Evaluated
Interim housing stability ¹	✓	HUD required, Exhibit 1 reported	<ul style="list-style-type: none"> At least 81% of persons remain in permanent supportive housing for at least 6 months 	Evaluated
Increase in income from entry to exit	✓	CoC Local goal	<ul style="list-style-type: none"> At least 45% of tenants in PSH and SPC At least 50% of clients in TH 	Evaluated
Cost per household	✓	HUD required, APR reported	Cost per household will be consistent with budget.	Monitored, not evaluated
Cost per successful housing outcome	✓	Measure of efficiency	Cost per successful housing outcome will be consistent with budget.	Monitored, not evaluated
Cost per unit	✓	HUD required, APR reported, Measure of efficiency	Cost per unit will be consistent with budget.	Monitored, not evaluated
Turnover Rate	✓	Measure of success and system planning	Set based on prior year(s) attainment. Some level of turnover is anticipated.	Monitored, not evaluated
Successful Housing Exits	✓	HUD required, APR reported	At least 50% of exits are successful housing outcomes.	Evaluated
Housing Affordability at exit	✓	Measure of success	At least 50% of successful households have their housing affordability ratio, measured as cost of housing (rent and utilities) divided by the household's income at exit, lower than 50%.	Monitored, not evaluated

Measurement Standards

Each performance goal is assessed as achieved (Yes), not achieved (No), or not applicable (N/A). *Achieved Goal* is defined as 90% or better of a numerical goal or within 5 percentage points of a percentage goal, except where a lesser or greater value than this variance also indicated an achieved goal, or if the benchmark/metric is fixed. *Not Applicable* is assigned when a performance goal is not assigned; the reason for this will be explained in the footnote for the respective program.

Each program will be assigned a performance rating² of High, Medium, or Low as determined by overall program achievement of performance outcomes for the evaluation period. Ratings are based on the following:

<i>Rating</i>	<i>Achievement of Program Outcome Measure</i> ³
High	achieve at least 75% of the measured outcomes and at least one of the successful housing outcomes (either number or percentage outcome)
Medium	achieve at least 50% but less than 75% of the measured outcomes
Low	achieve less than 50% of the measured outcomes

Programs rated as “Low” or experiencing long-standing and/or serious program issues and/or systemic agency concerns will be handled by CSB through a **Quality Improvement Intervention (QII)** process. This process is based on quarterly one-on-one dialogues between CSB and the provider agency and considers agency plans and progress on addressing program issues. If the agency and/or CSB find that the QII process is not working, either may refer the concerns/issues to the HUD Technical Review Committee (HUD TRC) for handling. The provider will be given an opportunity to present its case to the HUD TRC before it makes its recommendation to the Steering Committee. This process would eliminate special reports and presentations to the Steering Committee by the provider.

For interim (quarterly) reports, programs which meet less than one-half of measured outcome goals will be considered a “program of concern”.

² In some instances, the program is too new to evaluate; therefore, a performance rating is not assigned.

³ If serious and persistent program non-performance issues existed prior to evaluation, then the program was assigned a lower rating than what its program achievement of performance outcomes would otherwise warrant.

Comment:

The current purpose of the Continuum of Care Steering Committee (CoC SC) is to submit an annual application to the US Department of Housing and Urban Development (HUD) for local homeless housing projects and to evaluate ongoing progress in meeting CoC goals. The CoC SC developed policy statements to govern its work. The policies are organized into different areas and are intentionally global in scope. The CoC SC meets annually to review and approve its annual plan and policies. The Rebuilding Lives Funder Collaborative (RLFC) is a collaborative of local entities that provides stewardship for all strategies developed under the local 10 year plan to end homelessness, the Rebuilding Lives (RL) Plan. The RLFC provides funding for the capital, services and operations of supportive housing in Columbus & Franklin County, approves the development of new supportive housing, coordinates activities for the plan, promotes collaboration to achieve goals and strategies, and secures resources for programs and projects. The RLFC developed policy statements to govern its work. The policies are organized into different areas. The RLFC meets annually to review and approve its annual plan and policies.

Comment:

The CoC Steering Committee and RLFC annually reviews and approves their policy statements. All decisions made by the CoC Steering Committee and the RLFC are voted on and a simple majority is required for any resolution that each group reaches. The Roberts Rules of Governance are followed and applied. Any individual participating in or influencing CoC Steering Committee or RLFC decision making identifies actual or perceived conflicts of interest as they arise and comply with the letter and spirit of this policy. Disclosure should occur at the earliest possible time and if possible, prior to the discussion of any such issue. Individuals with a conflict of interest abstain from voting on any issue in which they may have a conflict. An individual with a conflict of interest, who is the committee chair, yields that position during discussion and abstains from voting on the item. Annual written disclosure statements are provided by each committee member.

1.5. The CoC primary decision-making group uses data (PIT, HMIS, other) in a systematic manner to make informed decisions.

Comment:

Program performance standards are established annually by the Continuum of Care Steering Committee (CoC SC) and incorporate HUD requirements and local standards. The Community Shelter Board (CSB) incorporates these standards into annual program agreements with each provider agency. An annual Program Outcome Plan (POP) is part of the agreement that details expected performance on a quarterly basis. If CSB and the agency disagree on the annual POP, the agency may go through an appeals process. CSB monitors program performance using HMIS data and provides monthly, quarterly, semi-annual and annual data reports that are presented and discussed quarterly with the CoC Steering Committee and the RLFC. Program performance standards are reviewed annually by the Steering Committee. Using past performance information, HUD requirements and local priorities, continuous quality improvement is emphasized for all measured outcomes.

Comment:

The Community Shelter Board leads a strategic community plan called Rebuilding Lives. It's a comprehensive and interrelated set of strategies to decrease the number of people who experience homelessness. The focus is on improving the effectiveness and efficiency of the system, including assuring no duplication of services. We are implementing best practices which emerged from a comprehensive community planning process. The CoC Steering Committee and the RLFC are guided by this plan in their work. Our partner agencies are the cornerstone of success for the Rebuilding Lives plan. CSB staff work closely with providers to continue quality improvements and achieve system benchmarks. We are continuously pressing for innovation, whether it be through our rapid re-housing programs and homelessness prevention efforts or by convening community leaders to work on strategic issues like the transitional age youth and single adult shelter system re-design.

Comment:

The RL Plan to end homelessness was updated in 2008. Through the process, more than 100 citizens volunteered their time to analyze research, evaluate Franklin County's housing and homeless services, and study best practices around the country. In fact, some of Columbus' housing programs are models for other American communities. The result of our two-year planning process is a comprehensive and interrelated set of strategies to decrease the number of people who experience homelessness.

2.3. The CoC has a formal process in place to support implementation of the strategic plan.

The CoC primary decision-making group has tasked a specific committee or other body with overseeing implementation of the plan.

Comment:

The Rebuilding Lives Funder Collaborative (RLFC) provides stewardship for all strategies developed under the Rebuilding Lives (RL) Plan. Throughout the implementation of the RL Plan, evaluation efforts assess the degree to which the plan is executed and tracks the success of each strategy. Quarterly updates are given about each strategy included in the plan. An annual report card is issued that summarizes progress on these strategies. The strategy conveners are encouraged to ask the RLFC for guidance in implementing the strategies, as needed.

III. CoC Infrastructure and Administrative Capacity

3.1. Administrative Capacity: The CoC has adequate capacity to manage the administrative responsibilities of the CoC.

Approximate number of CoC staff (paid or volunteer) responsible for regular administrative tasks of the CoC (estimated full-time equivalent (FTE), excluding FTE dedicated to HMIS functions).

FTE(s)

The CoC has sufficient staffing (paid or volunteer) to manage the regular administrative tasks of the CoC, relative to the scope and scale of CoC funding and commitments.

Comment:

The CoC, through CSB, has adequate capacity as it relates to the knowledge of staff that has to implement the HUD mandates. Because of the role that CSB has in the community, as the entity in charge of ending homelessness in Columbus and Franklin County, CSB already has in place the majority of the administrative requirements that were issued in the Interim ESG regulations. CSB already monitors all programs regarding standards for services, performance, compliance, etc. CSB manages the local HMIS and reports to HUD on all required reporting.

3.2. Fiscal Capacity: The CoC has adequate capacity to manage the fiscal responsibilities of the CoC.

The CoC has a method for ensuring HUD-funded project sponsors have developed, implemented, and are adhering to appropriate internal fiscal control and fund accounting procedures (e.g., requests audit reports with project applications, self-certification of adequate accounting practices).

Comment:

As mentioned under the question related to the administrative requirements, CSB is already performing this function for the CoC on the fiscal side. While CSB is not yet directly receiving the community SHP or SPC grants, it is in charge of submitting the annual Exhibit 1 for the community and already contracts with all of the agencies receiving HUD funding for other types of funding inclusive of ESG and/or participation in the local HMIS.

3.3. Information Management Capacity: The CoC has adequate capacity to manage the HMIS responsibilities of the CoC.

Comment:

The Community Shelter Board (CSB) maintains the community's Homeless Management Information System (HMIS) – Columbus ServicePoint (CSP) – in compliance with HUD standards and coordinates all related activities including training, maintenance, reporting, security monitoring and technical assistance to agencies in the community. Each participating agency is expected to participate in the CSP Administrators Group which oversees CSP operations. CSB publishes annual policies and procedures for CSP management. CSB has extensive experience in managing the HMIS responsibilities of the CoC and has in place a sophisticated performance measurement and reporting system.

Comment:

The affordable housing inventory in our community is not sufficient to cover the needs of our population. Public housing vouchers are not nearly enough to cover the need and the market-rate rent units in general are not affordable for a population that has to get by with mostly minimum-wage earnings. On the services side, while our community has extensive experience in providing services to at-risk or homeless populations, available resources prevent us from offering services at optimal levels for all those in need.

Comment:

As a single coordinating body, the Community Shelter Board brings together extensive and diverse organizations in Franklin County to collaborate and work together as a system rather than as a fragmented set of resources. CSB's role in the community is to lead the CoC and to coordinate all planning and activities in the community related to crisis response services and housing for the homeless population, inclusive of all the local public and private funding dedicated to this scope. The community's Rebuilding Lives Plan to end homelessness established strategies that emphasize coordination of activities system-wide and a systemic approach to end homelessness.

Comment:

People who are homeless or at risk of homelessness in our community do not have adequate access to community-based services and mainstream resources for various reasons, including but not limited to the following: - Many systems (mental health and substance abuse) are overwhelmed with need. - The Public Housing Authority needs more vouchers. - The domestic violence shelter has waiting lists. - The Social Security Administration is extremely complex and cumbersome and the wait time for benefits is extremely long. Until these and other community-based services and mainstream resources implement streamlined and more consumer-friendly practices, access will be limited.

4.4. The CoC as a whole has sufficient knowledge and capacity to provide housing and services.

Comment:

The Columbus and Franklin County community has extensive knowledge and experience providing housing and services for the homeless population. Led by CSB, the community adopted the first 10 year plan to end homelessness long before this approach was endorsed by HUD and the National Alliance to End Homelessness. Our community already updated the 10 year plan and adopted a new set of strategies for the future. CSB adopted housing first practices long before the practice became a best practice model. CSB developed and implemented one of the first rapid re-housing programs for families nationwide. We are at the forefront of innovation in services for the homeless population and we have a long track record as documented by the awards we received, the numerous technical assistance visits we hosted for several communities nationwide and the accomplishments our community has.

Columbus and Franklin County Continuum of Care Action Plan

The Continuum of Care (CoC) Check-up initiated by the Department of Housing and Urban Development (HUD) allowed our community to rate itself around the self assessment domains identified by HUD. The survey was completed by staff from the CoC Lead Agency, Community Shelter Board (CSB), HMIS Administrator, the largest supportive housing provider recipient of HUD funding, a formerly homeless individual and resident of a supportive housing development, representatives from the City of Columbus and Franklin County as the grantees for the Emergency Solutions Grant funds and a representative from the Alcohol, Drug and Mental Health Board of Franklin County that participates in our local planning structures, the Continuum of Care and Rebuilding Lives Funder Collaborative. Each of the participants rated the different domains, elements and indicators independently. Given the diversity of the survey participants, a comprehensive perspective around the local CoC emerged by the aggregation of responses. HUD provided with the aggregate results and a mean rating was created for each of the elements and indicators in the survey, based on the responses received. The rating scale was a 1-5 scale, with 1 representing in general a “strongly disagree” or “none” and 5 representing “strongly agree” or “all of the time”. CSB, as the lead CoC in charge of submitting the final rating for all the domains to HUD, decided that the most transparent way to use the community feedback is to submit the final ratings as the mean ratings for each question, per the summary report provided by HUD.

Overall, the results of the survey are positive. The local CoC excels in many domains identified by HUD. The majority of the domains are rated with 4 and 5s, only a few of them have ratings of 3 and 2. CSB decided that domains that scored as 4 or 5 will not be addressed in the CoC Action Plan and the focus will be towards addressing the areas that need improvement, those rated as 2 or 3. In the tables below, the areas for improvement are marked as “needs improvement” and the rest of the elements are marked as “complete”.

For the areas that are marked “needs improvement” the Action Plan below was developed to include specific strategies and action steps that will be implemented. In addition, per HUD’s request, alignment with the federal plan to end homelessness, Opening Doors is sought as well as meeting the new HEARTH Act performance measures. Both are listed below. Additional goals were developed in the tables below to capture the needed strategies to implement in order for our community to align with the federal strategic plan. **Bolded** strategies represent existing strategies from the community’s plan to end homelessness, the Rebuilding Lives Plan.

USICH Federal Strategic Plan Goals (FSP Goals)

- A. Finish the job of ending chronic homelessness in 5 years
- B. Prevent and end homelessness among Veterans in 5 years
- C. Prevent and end homelessness for families, youth, and children in 10 years
- D. Set a path to ending all types of homelessness

HEARTH Act CoC Performance Measures (HEARTH PMs)

- A. Reduce average length of time persons are homeless
- B. Reduce returns to homelessness
- C. Improve program coverage
- D. Reduce number of families and individuals who are homelessness
- E. Improve employment rate and income amount of families and individuals who are homeless
- F. Reduce number of families and individuals who become homeless (first time homeless)
- G. Prevent homelessness and achieve independent living in permanent housing for families and youth defined as homeless under other Federal statutes.
