

Monthly Report on Program Occupancy Rates for Supportive Housing Programs

Definition of program occupancy rate: A percentage that reflects the average number of tenants residing in a program per night relative to the program capacity.

Purpose of Report: To monitor occupancy rates on an ongoing basis.

Date of Data Pull: 6/9/2010

Date of report issuance: 6/15/2010

Report prepared by: Catherine Kendall, Database Administrator

Methodology: CSP data will be pulled for each report period, which in this instance consists of a single calendar month. The occupancy number is calculated by summing the length of stay within the report period for all tenants in a program and then dividing that sum by the number of days in the report period.

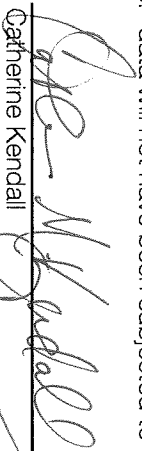

Occupancy number: $\frac{\sum(\text{report end date (or exit date in the event the tenant exits the program)} - \text{report start date (or entry date in the event of a new tenant)}) + 1}{\text{number of days in report period}}$

Occupancy rates will be calculated by first rounding the program occupancy number to the nearest whole number. Next the rounded program occupancy number will be divided by the program capacity, which is defined in the current fiscal year Program Outcome Plan.

Limitations of analysis: CSP data will not have been subjected to quality assurance prior to data extraction.

¹ Per current fiscal year POP

² The following programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Family Homes (SRA / 9 households); CHN-Cassady (SRA / 1 household); CHN-Parsons (SRA / 15 households); RLPTI (TRA / 22 households); Southeast Scattered Sites (TRA / 2 households);

³ Three of the 13 units can house up to two individuals and these units are frequently but not always assigned to couples in which both partners are Rebuilding Lives eligible.

⁴ Southeast is expanding the program by 30 chronic homeless units. This USHS pilot program is currently in lease-up phase. Lease-up is expected to be complete by June 30th.

⁵ These program occupancies are being affected by a GMHA subsidy freeze.

⁶ At its discretion, the YMCA can admit a new client into its program slightly before an RL unit is vacated.

⁷ RLPTI program serves an adult couple in one of its units.

Grey shading denotes a percentage under 95% occupancy rate; goal is for a 95% occupancy rate.

¹ Programs are non-CSB funded.

² Per current fiscal year POP

³ Program occupancy rate goal set at 85%.

⁴ VOAGO - Veterans is not a HUD CoG funded program but participates in CSP on a voluntary basis. The program is able to exceed capacity at times because it has three overflow units.

⁵ CMHA allowed over-leasing for this program.

⁶ The following programs house clients that are receiving CHN Shelter Plus Care subsidies: CHN-Family Homes (SRA /9 households); CHN-Cassady (SRA / 1 household); CHN-Parsons (SRA / 15 households); RLPTI (TRA /22 households); Southeast Scattered Sites (TRA / 2 households).

⁷ Due to CMHA's mass unit transfer from TRA to Section 8, CHN TRA experienced a lower occupancy rate before March 2010.

⁸ Due to a mass transfer from S+C to Section 8, Amethyst SPC is experiencing a lower occupancy rate.

Grey shading denotes a percentage under 95% occupancy rate; goal is for a 95% occupancy rate.
